

LAKEIDRA SMITH

CYBERSECURITY EDUCATOR, AUTHOR, AND KEYNOTE SPEAKER

"Helping Humans Understand Machines"

Lakeidra Smith equips organizations to win in a digital era where the human factor is everything. A cyber strategist and educator who's spoken at Sloss Tech, Dell Cybersecurity Summit, and built curriculum for Amazon and the DoD, her bestselling book *Cyber Curiosity* has helped thousands of people understand machines. When your company's future depends on human judgment in a digital world, Lakeidra is the partner you want in the room. Off stage, Lakeidra invests her time in community leadership, serving on local nonprofit boards and mentoring the next generation of women in tech.

SIGNATURE TALKS

THE CYBER CURIOSITY MINDSET

How leaders can replace fear-based security messaging with a curiosity-driven approach.

Her most requested talk.

F.A.C.E. TOMORROW™

The framework for leaders who refuse to be blindsided.
For executive summits and leadership offsites.

DEEPFAKES & DIGITAL DECEPTION

When seeing is no longer believing.
A timely, high-impact session for any audience.

THE CURIOSITY ADVANTAGE

Why your smartest security investment is your people.
Built for L&D and HR leaders.

ALSO AVAILABLE

Half-Day Leadership Workshop

Hands-on session for leadership teams.
Perfect as a keynote add-on.

Executive Tabletop Exercise

Live crisis simulation that builds
decision-making muscle.

Lakeidra's talk on curiosity in cybersecurity blew it out of the park. Building curiosity into your cyber posture is a great investment.

**Zach B., Sr. Engineer,
MalwareBytes**

Lakeidra is one of the most brilliant speakers I've ever had the pleasure of working with. Her expertise in cyber and ability to simplify complex topics is unmatched.
